**LONG-TERM CARE
SOLUTIONS**

CHALLENGES IN LONG-TERM CARE

RISK OF INJURY

Preventing falls and the spread of illness is imperative to resident safety and a Long-Term Care facility's reputation.

SHRINKING BUDGETS

Uncertainty associated with Medicare and Medicaid reimbursements places strain on tight purchasing budgets.

WORKER PRODUCTIVITY

Worker productivity is more important than ever as wages are expected to rise up to 19% in the next five years.¹

¹ IBISWorld

HOW RCP CAN HELP

KEEP RESIDENTS SAFE AND HEALTHY

PREVENT SLIPS, TRIPS AND FALLS

Managing spills quickly and marking hazards clearly help prevent resident injury.

REDUCE THE SPREAD OF ILLNESS

Proper cleaning practices, tools and hand hygiene reduce the spread of illness.

DISPOSE OF HAZARDOUS WASTE PROPERLY

Disposing of biohazardous waste properly reduces the spread of disease.

SAVE FACILITIES MONEY

EXTEND PRODUCT LIFECYCLE

Durable material handling carts last longer, reducing replacement purchases due to product failure.

PURCHASE CONSUMABLES LESS OFTEN

Longer lasting semi-durables, like HYGEN™ Microfiber, require less frequent repurchase.

OPTIMIZE THE PURCHASE PROCESS

Streamline the purchase process by bundling RCP products for better pricing.

INCREASE PRODUCTIVITY FOR USERS

REDUCE TASK TIMES

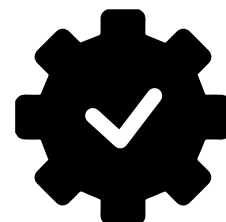

Absorbents clean spills up quickly, so staff members can get back to routine cleaning.

COMBINE STEPS

Save time with all-in-one solutions that eliminate the need for multiple tools.

MAKE TASKS EASIER

Utility refuse containers have integrated venting channels that make lifting liners easier.

PREVENTING SLIPS, TRIPS AND FALLS

WITH BEST-IN-CLASS SPILL REMOVAL

Approximately 50% of Long-Term Care residents fall every year, and 40% fall two or more times.¹ RCP has the right assortment of slip prevention and spill clean-up products to help mitigate risk to residents.

1 CONTAIN

Place caution signs in highly visible areas to alert residents and visitors of hazard.

2 ABSORB

Absorb the spill quickly with an absorbent pad or mop.

¹ Centre for Studies in Aging Health, Bridges to Care: Preventing Falls and Injuries in Long-Term Care (LTC)

3 DISPOSE

Dispose of the soiled absorbent in the appropriate waste container.

4 CLEAN

Clean the floor with preferred cleaning solution and mop, then store tools.

CLEANING SOLUTIONS

REDUCE THE RISK OF INJURY AND SPREAD OF ILLNESS

By marking hazards clearly and managing spills quickly, Long-Term Care facilities can maintain a safer environment for residents and staff members. Using effective cleaning tools and processes is key to preventing the spread of illness among residents.

FOODSERVICE SOLUTIONS

IMPROVE FOODSERVICE OPERATIONS

ServSafe® has identified key steps for the optimal flow of food in a foodservice facility.¹ Manage the flow of food from receiving to storage to preparation with products that increase efficiency and reduce the risk of cross-contamination.
